

MAINTAINING YOUR APPEARANCE

SOFTCARE KEEPS YOUR MAINTENANCE COSTS LOW

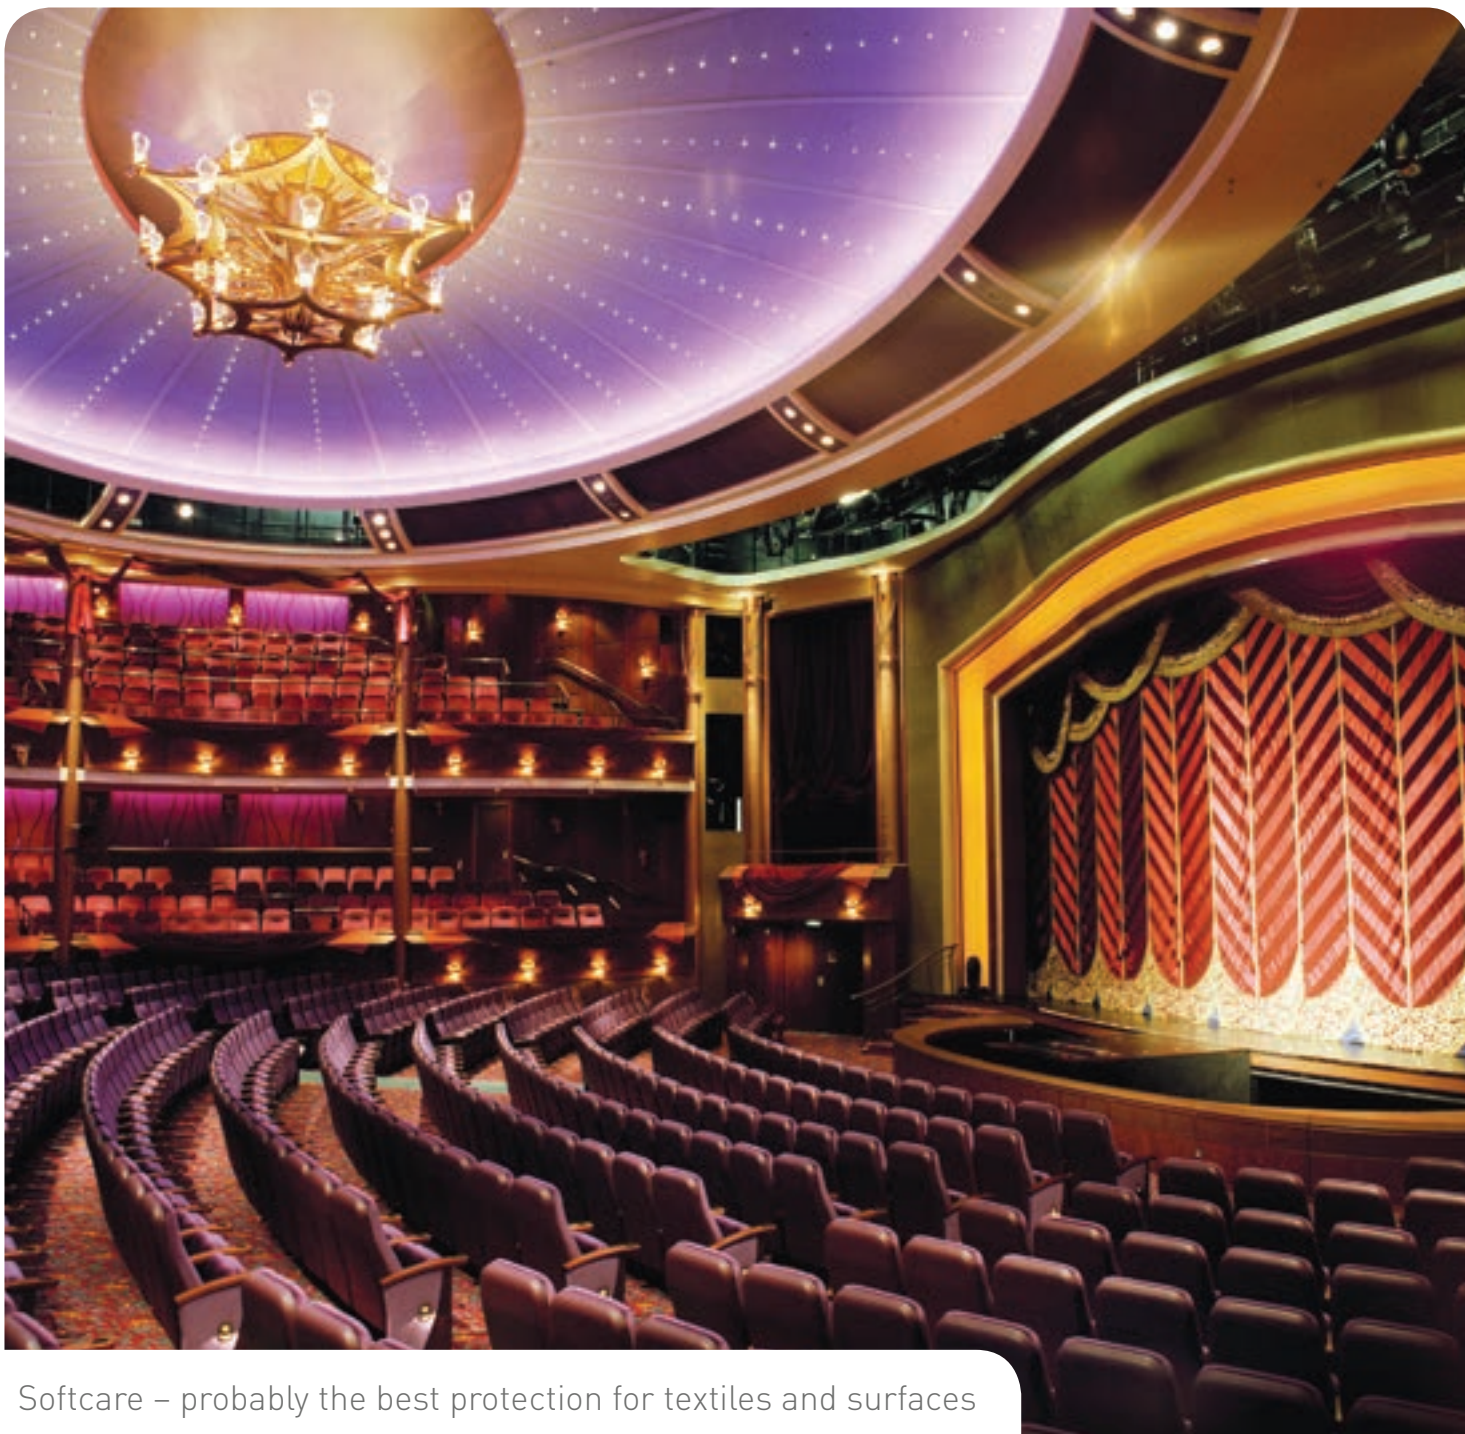

Softcare – helping you create memories that last a lifetime

SOFTCARE PRODUCTS IN A NUTSHELL

Softcare is a range of products designed to make your life easier. Imagine doubling the lifetime of your textiles, at the same time saving up to 80 per cent of your maintenance costs. The product range includes protectors and cleaners for upholstered furniture, other interior textiles and various surfaces.

Customer needs change over time. That is why we are actively improving and developing products to suit the changing requirements.

Softcare – probably the best protection for textiles and surfaces

PRODUCT FEATURES AND BENEFITS

Our protector forms a transparent barrier around the material fibres allowing it to repel stains and breathe without affecting its colour, surface, feel or flammability. Softcare makes cleaning effortless – saving your maintenance costs drastically.

Our care products remove stains, odours and static electricity so that your textiles and surfaces remain fresh much longer.

Softcare – protecting your textiles and surfaces when accidents happen

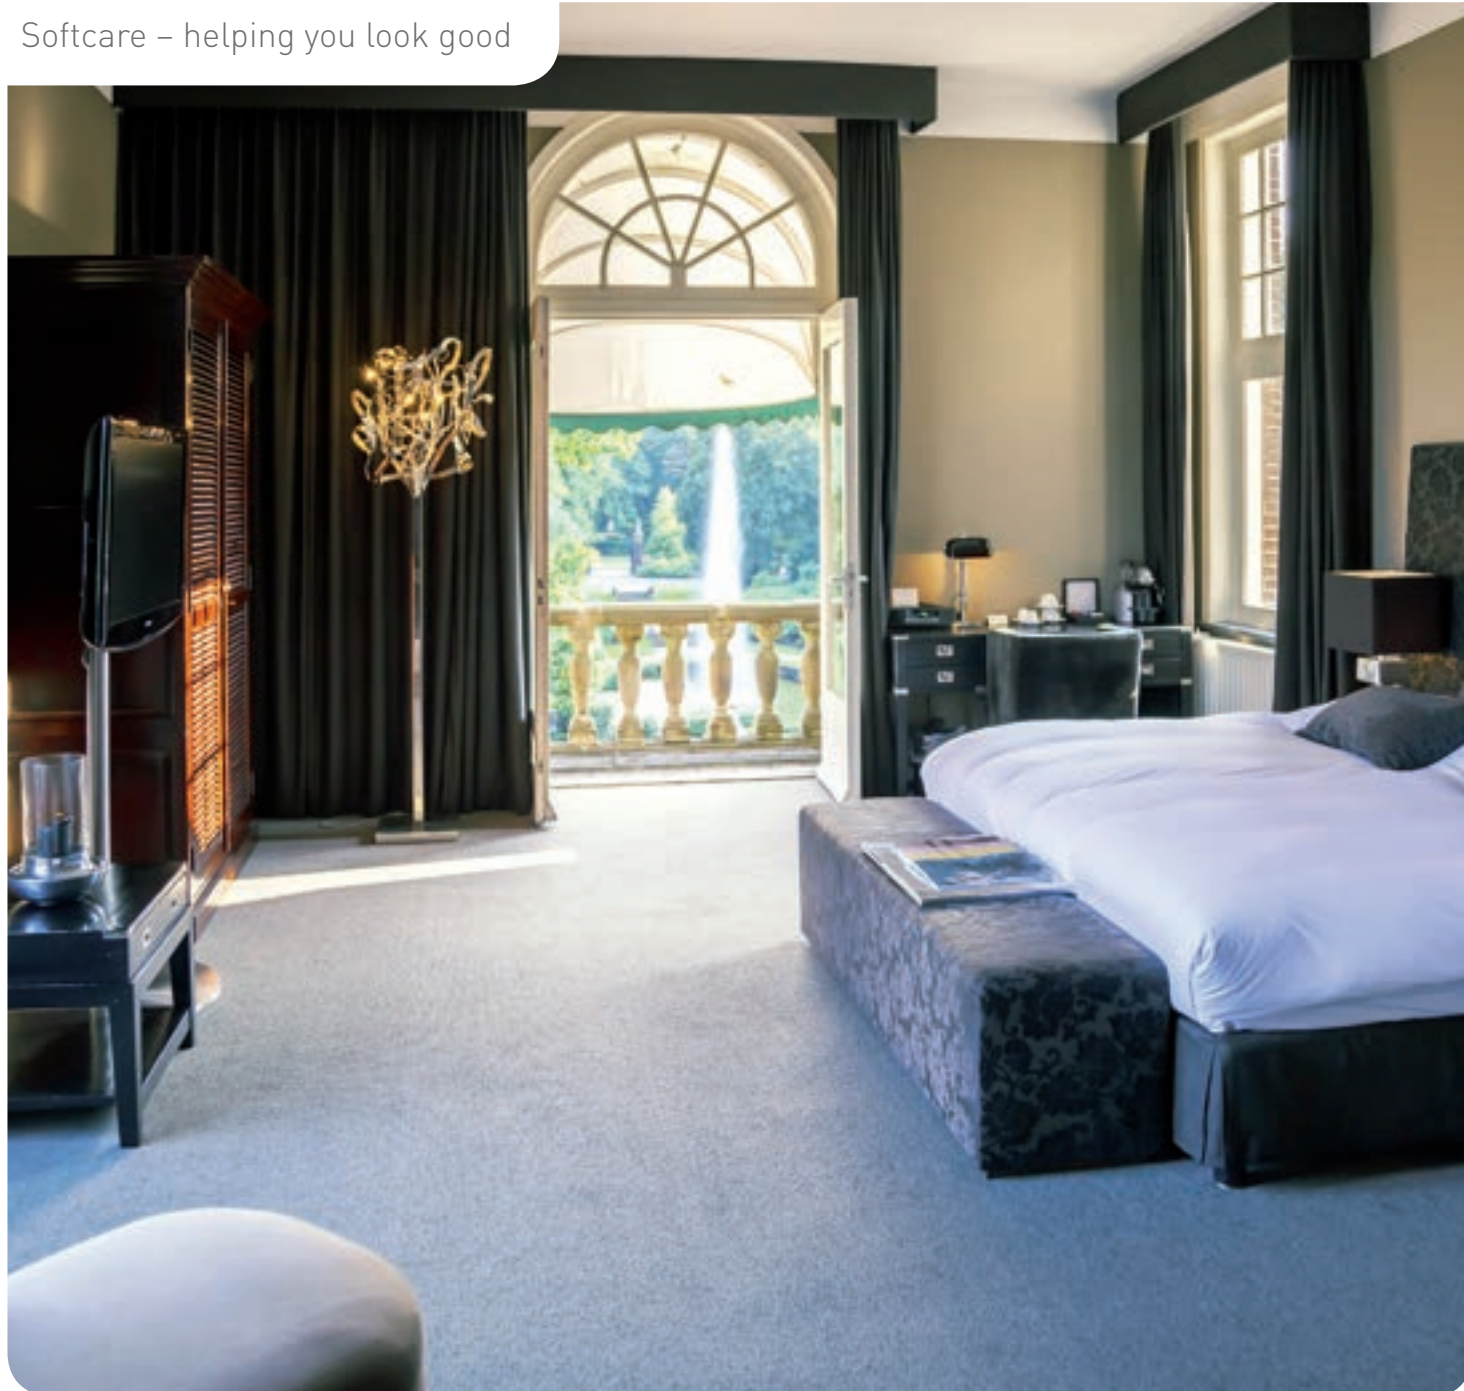

SAFETY AND QUALITY

Softcare products are developed following the strictest environmental and safety regulations of today's industry. We maintain our high quality by choosing the best raw materials and utilising modern production technologies.

Softcare – helping you look good

REFERENCES

Softcare products are used in various sites such as royal and presidential palaces, parliament buildings, cruise ships and ferries, hotels and conference centres, care homes and kindergartens.

Few of these sites are shown on this leaflet.
